

## TIN CANS & ALUMINUM

## BOXBOARD

## CORRUGATED CARDBOARD

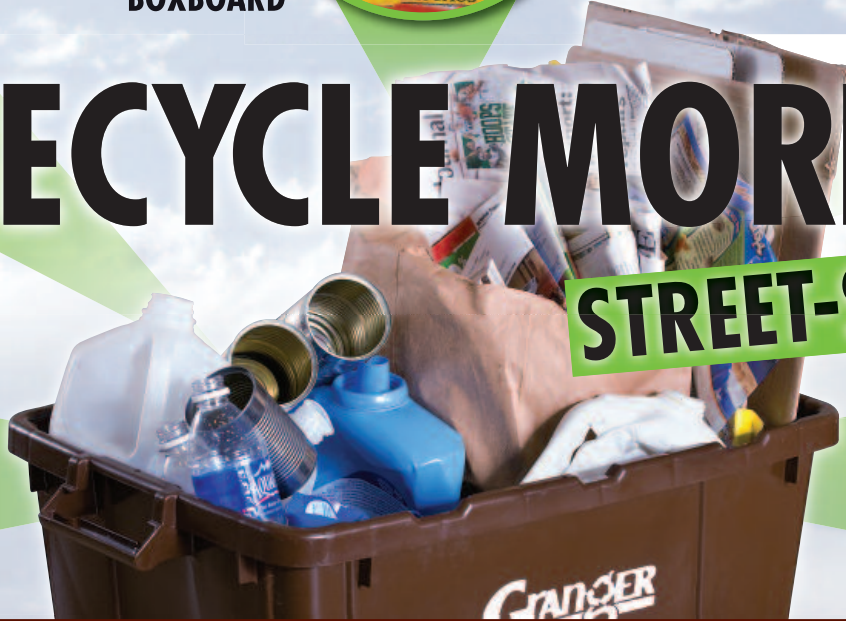

# RECYCLE MORE!

## STREET-SIDE

## MIXED PAPER

## PLASTIC BOTTLES & JUGS

## RECYCLE MORE THAN EVER BEFORE AT THE CURB!

### MIXED PAPER

Place newspaper, magazines, direct "junk" mail, first class mail, other printing and writing papers, and envelopes loose in tub. **NO:** plastic bags, string, twine, stickers, coins, or plastic stuck on papers

### TIN CANS & ALUMINUM

Rinse clean and flatten. **NO:** paint cans, appliances, hangers, fencing, scrap metal, aerosol cans or containers with food residue

### BOXBOARD (NEW)

Break down and remove any contaminants (food, plastic or foil packaging). **NO:** plastic, Styrofoam, wax-or foil-coated boxes, refrigerator or freezer boxes, including 6, 12 or 24 pack beverage cases

### CORRUGATED CARDBOARD (NEW)

Break down and remove any contaminants (Styrofoam, wood or food) stack cardboard beside or under tub. **NO:** glossy or shiny cardboard, wax-coated boxes, 6, 12, or 24 pack beverage cases

### PLASTIC BOTTLES & JUGS

#1 PETE water type bottles and #2 HDPE milk jugs and laundry type bottles with a narrow, threaded neck are acceptable. Remove and discard lids, rinse clean and flatten. **NO:** motor oil bottles, Styrofoam, clear #3 or #6 plastic or plastic tubs (cottage cheese, sour cream, butter and margarine)

### NO GLASS ACCEPTED IN TUB FOR STREET-SIDE COLLECTION

Visit the Granger Web site for a listing of the drop-off recycling locations for glass.

A cardboard box can be used to set out extra materials that don't fit in your tub and it will get recycled, too! Or, use your own containers to transport more recyclables to the curb. **Just be sure they are clearly labeled so they don't get recycled or thrown away accidentally.** If you are using a non-commercial grade container, be aware that it will not be as durable. Although our drivers handle your containers carefully, Granger cannot be responsible for damage to containers that are not made to withstand harsh winter conditions and wear and tear.
